The Special Education Technology Center presents:

"Awe and Wonder AAC Podcast"

REAL CONVERSATIONS WITH INSPIRATIONAL PEOPLE

PARENTS, AAC USERS, AND MORE

"Wonder inspires the wish to understand; **awe** inspires the wish to let shine, to acknowledge and to unite."

Ulrich Weger & Johannes Wagemann (Sourced from *Atlas of the Heart* by Brene Brown)

Join SLPs Brenda and Sarah as they talk with those whose ideas, stories, and lived experiences create awe and wonder in unique ways.

AAC and human connection star in this engaging podcast.

Fall 2022 Microsoft Innovative Educators (MIE) STEM Series

Join this series to learn ways to make instruction equitable & accessible!
 Presenter:: Victoria Thompson, M.S., STEM Integration Instructional Coach
 3:30-4:30 PST on the following dates:

Date	Session Title	Cohort	Description
9/19	STEM, Microsoft, and You!	STEM	In this session, learn all about how Microsoft tools can be used to unlock organization, note-taking, and collaboration with your students and your colleagues for STEM labs, assignments, classwork, and more!
9/26	Math Tools in OneNote	STEM	OneNote has wonderful math tools that can be used to empower student learning, assignment creation, and beyond! Come learn (and create!) with us on how to incorporate 21st century mathematics with OneNote. Topics covered include inking in OneNote, creating practice assessments, and mathematics collaboration in OneNote.
10/10	Literacy Focus: Reading Progress	Literacy	Come learn all about Reading Progress--a free tool designed to help students build confidence and reading fluency through personalized reading experiences built into Assignments in Microsoft Teams!
10/24	Literacy Focus: Reading Coach	Literacy	Come learn all about Reading Coach--a tool that builds on Reading Progress by supporting learners in practicing literacy independently!
11/14	Microsoft Translator and the STEM Classroom	STEM and Literacy Connection	With Microsoft Translator, you can create a more inclusive classroom for both students AND parents with live captioning and cross-language understanding. In this session, we'll see how this is possible in the STEM classroom for labs, activities, assignments, family conferences, more!
11/21	Using Immersive Reader for STEM	STEM and Literacy Connection	Immersive Reader is a literacy tool can be used anywhere, for any student, and for any subject— including STEM class! In this session, come learn how to use Immersive Reader as a learning tool in science, technology, engineering, and mathematics courses. Topics covered include using Picture Dictionary for STEM learning and assessment, adjusting languages in Immersive Reader for word challenges and passages, and creating exciting STEM challenges using Immersive Reader.
12/5	Unlocking Literacy with Minecraft: Education Edition	STEM and Literacy Connection	Teaching literacy...with Minecraft? Yes, it's completely possible! Let's learn (and create!) together on how Minecraft can help unlock literacy in your classroom.
12/12	Using Microsoft Teams to Create Inclusive STEM Classrooms	STEM and Literacy Connection	Learn how to use Microsoft Teams to create inclusive STEM classrooms! See how to team up features in Teams. Explore ways that Teams partners with various apps like Buncee, Genially, Wakelet, Flipgrid, and more! Leave with ideas to empower all of your students to reach their learning goals.
