

Fall 2024 and more

The Special Education Technology Center proudly presents our Fall 2024 through Winter 2025 webinar and book study series. Descriptions of these events, as well as registration information, can be found on our website. You can register via the Zoom link or log in to our website before registering to help maintain an accurate recording of your time spent in training. Free clock hour registration is required prior to the start of a series.

SETC WEBINAR SERIES

Communication for Students with Complex Needs: The Key to Success

Children and youth who are deafblind have many concepts and skills to learn before language is achieved, most of which are learned by other children incidentally. Not so for students who are deafblind. Learn the steps to ensure your students are primed for learning and using language.

SETC Book Study

The Shift to Student-Led: Reimagining Classroom Workflows with UDL and Blended Learning

Revitalize your teaching and engage your learners with sustainable and rewarding practices shared in the book "The Shift to Student-Led: Reimagining Classroom Workflows with UDL and Blended Learning" by Catlin Tucker and Katie Novak. Join us to release the burdens that conventional instruction places on teachers and students and place your students at the helm of their own learning journey.

Tentative clock hours for the 2024-25 schedule.
 The schedule may be altered, and substitutions may be made as needed. We will email participants of any date changes.

Washington state educators and parents who register for SETC book studies offered in 2024 will receive a free book per book study while supplies last. Books will be provided by SETC and the [Center For Strengthening the Teaching Profession](#) (CSTP). Proceeds from the *I See You in There* books purchased will be donated to a non-profit that serves students with AT and AAC needs.
