Did you know SETC has a newsletter?

January Newsletter- Creating Inclusive Learning Environments

SPECIAL EDUCATION TECHNOLOGY CENTER

INCLUSIVE INSIGHTS AND ACCESS TIPS NEWSLETTER

In this January issue:
Creating Inclusive Learning Environments

Calendar: Many webinars & classes, including AI classes and a literacy retreat!
AI in action: Inclusive instruction with clear, student-centered goals
Highlight: Using AAC as a visual support in all classrooms
Access for all: TIES Center's 5-15-45 tool for guiding collaborative planning
Book nook: Two winter-themed books from the collection

https://specialedtechcenter.com/

Tentative clock hours for all SETC sponsored events on the 2025 schedule. Links to clock hour registration will be shared before the training, registration is free for webinars, classes have a fee listed. ESD105 will provide clock hours for a small fee.

Check back in the spring for ASHA CEU Credit offerings.

The schedule may be altered, and substitutions may be made as needed. We will email participants of any scheduling changes.

DON'T MISS
A THING

STATEWIDE ASSISTIVE
TECHNOLOGY MEETINGS,
HOSTED BY SETC

December 5, 2024 and May 1, 2025

https://specialedtechcenter.com/

SpecialEdTechCenter.com

SETC is a statewide grant funded by OSPI, Special Education Unit, and administered by Central Washington University.
CWU is an AA/EEO/Title IX Institution. For accommodation: DS@cwu.edu

Other recourses:

National Center on Accessible Digital Educational Materials & Instruction (NCADEMI)

Share this email with Ed Tech Directors & Teaching & Learning Directors
"In April 2024, the United States Department of Justice (DOJ) issued a final rule with website and mobile app accessibility requirements under Title II of the ADA. The Title II regulation applies to state and local governmental entities, which include SEAs and LEAs. Examples of web content under the revised regulation include, but are not limited to, images, text, and multimedia. A mobile app is software downloaded on phones, tablets, or other mobile devices. Conventional electronic documents are also covered. These include documents published in PDF, Microsoft Word, PowerPoint, Excel, and similar formats like Google Suite documents.
As an SEA or LEA, your agency has two or three years from the publication of the regulation to meet the requirements. If your agency serves a population over 50,000,
the deadline is April 24, 2026. Agencies serving a population under 50,000 and special district governments have until April 26, 2027."

Family Connections for Inclusive Voices & SETC Present:
Collective Complexity - A Virtual Parent & Caregiver Group

Collective Complexity provides support for caregivers of individuals with complex bodies and conditions that require significant support needs. Conversations will be facilitated by speech therapist and AAC expert Brenda Del Monte and special needs parent Kristi Roher. We envision meetings where caregivers have a topic-driven conversation meet with different experiences and decisions made along the way. We are committed to honor every person's journey within this caregiving space. You can contribute and share, or just come to listen and be in the presence of others.
This is not a support group, and there are no therapists or counselors present. This is a peer space where we connect within shared experiences to help enhance your own quality of life and the decision-making power that exists inside you. We will bring together in-the-trenches experience, mental health research, science, and survive-and-thrive mentality to leave this space different than we came in.

First Virtual Get-Together - Feb 5th 6:00-7:00pm
