Register:

Join this interactive 3-hour virtual class designed to strengthen collaboration between teachers and paraprofessionals. Blending key content from a popular three-part series, the session focuses on clarifying roles, understanding behavior through multiple lenses, and using practical tools, including assistive technology (AT) and AI, to support inclusive classrooms. Engage in reflection, role-specific discussions, and collaborative problem-solving. Participants will also be invited to join a Slack-based community for ongoing support, shared resources, and mini-training modules.
